

# MEDICATION MANAGEMENT

**Life Care Navigation™**

## Does your loved one:

---

- Have difficulty taking their medications as prescribed?
- Sometimes forget to take their medications altogether?
- Take multiple medications?

One of the top reasons for hospital admissions in the elderly is medication mismanagement. Visiting Angels understands the importance of taking the correct medication in the correct dose at the correct time.

Our experienced nurses can support medication compliance and ensure that your loved one takes their medications, just as the doctor ordered.

When life becomes complicated . . . *we provide peace of mind!*
