Why a Career with Visiting Angels?

Because We Care for our Caregivers

Join our Elite Staff of Caregiving Professionals . . .

Work with one of the most respected and nationally recognized agencies in the area. Our reputation for caring about our caregivers and clients is unsurpassed. Benefit from our many years of expertise in providing professional, compassionate care for our clients.

Friendly and Supportive Staff

We have staffing coordinators dedicated to serving the needs of our caregivers and their clients. Our office staff understands that you have a life outside of work and that your schedule is different from your co-workers schedule. With this in mind, our staffing coordinator works with you to realize your goals and aspirations and specifically recognizes the fact that you have a personal life as well as a professional life.

Flexibility

You have a choice in your client assignments. You are part of the decision-making process. We take pride in finding a good long-term working relationship. You choose the schedule that works for you. We have shorter (4-8 hours) and longer (8-12 hours) shifts. We also have live-ins, overnights and temporary assignments. You are never forced to accept a case.

Competitive Wages

Visiting Angels conducts competitive analysis of other companies in the area to ensure we provide competitive wages.

We Hire Only The Best

Visiting Angels takes pride in its extensive background screening process. We also take pride in hiring "Caregivers with Character". In addition to experience, we also examine intangible traits such as caring personalities with a sense of "community".

In-Service Training Seminars

Your experience is invaluable and we provide additional work related "In-Service" sessions that can assist you in developing skills.

Less Stress with Our System

You're not just a warm body filling a need! Other agencies simply staff a position. Visiting Angels matches personalities of our caregivers and our clients allowing for the best possible fit. Our caregivers are never sent on a case by themselves and actually get to meet the client before service begins!

Caregivers with Character

This is what makes our caregivers the best in the industry.

Opportunity for advancement.

In addition to merit pay increases, we have office positions that we offer to our qualified caregivers before being advertised to the general public. We love to promote from within.

Work for the Best!

We have the reputation for being the finest caregiving company in the country. Everything we do is focused on providing the best care to our clients. Become a vital part of this award winning team.

**a caring career could be
only one phone call away!**
