

Top 8 Benefits of Constant Companion

1. CARE THAT'S ALWAYS THERE – Constant Companion bridges the gap from when a caregiver is there to provide compassion and support until they return.
2. EMERGENCY CALL FOR HELP - Now you can call for help with just your voice from any room of your home. Be instantly connected to our urgent response agents 24/7. Wearable devices are not required anymore.
3. 3X FASTER - When every second counts, our voice activated, monitored personal emergency response system is 3 times faster than the top ten brands in the market.
4. 83% MORE RELIABLE - In 83 percent of emergencies, subscribers to wearable panic buttons did not have them in reach when needed - rendering them useless. Now, you can ask for help, anytime, from anywhere in the home with just your voice.
5. SIMPLE & EASY - We make it simple and easy to get started with Voice. All our systems are fully pre-programmed. No need for a cell phone or wi-fi. Just plug it in. Simple.
6. PRIVATE & SECURE - Constant Companion is the only smart speaker system in the world with total privacy and security. Your information is 100% anonymous, so now you can enjoy all the benefits of smart speakers without giving up a bit of your privacy. Backed by a \$1 million privacy protection guarantee from Lloyds of London.
7. COST-SAVINGS – The average cost of assisted living is \$50,000 to \$120,000 per year. We empower you to lead a safer and more independent life at home because we all know there's no place like home.
8. FUN - Stay engaged, connected and protected. Get unlimited music, calls, games, reminders and more.

Companion Home System

As part of our care, we offer Constant Companion, an in-home private secure, voice-activated care system.

Call our Visiting Angels East Valley Office for more information and to get a free home demonstration. 480-833-8247

Our Care Plan Goals

These are some of our most popular and helpful features.

Our Companion home system is easy to use. It's on a private network and is HIPAA compliant, with a \$1 million privacy guarantee. Best of all, it comes fully programmed and ready to use.

MEMORY

- Daily Reminders (medications, caregiver schedule, calendar events, tasks, pet reminders)
- Daily Alarms (wake, meals, medications, other)

SOCIAL ENGAGEMENT

- Speakerphone Calls, Messaging and Video Chat (reach your caregivers, friends and family with just your voice)
- Smart Assistant (questions and internet search)
- Music (on demand, wake, sleep)
- Stories (engage, relax)
- Games (fun, laughter, daily interaction, play alone or with a caregiver)

DAILY ROUTINE AND INTERACTION CONNECTION

- News/Weather/Time (stay current and connected)

SAFETY AND PEACE OF MIND

- **CALL FOR HELP** – With our “call for help” feature, you are connected to an urgent response center 24/7. No pendant, wearable device or cell phone required.
- Intercom system to communicate with caregiver
- Daily Care Calls with email report (optional)

Over 70,000 skills are included with the Companion system.
