

## Did Mom or Dad Serve in the United States Military?

Army / Navy / Marines / Air Force / Coast Guard

Did you know there's a good possibility that they may qualify for Home Health Aide (HHA) & Respite Care services through the Department of Veteran Affairs (VA)?

As a **Veteran Owned & Operated Home Care Agency**, **Visiting Angels South Central Michigan** is extremely passionate about helping our local Veterans and their family members navigate through the often tedious process of enrolling with the Veteran's Affairs and applying for Home Health Aide & Respite Care services.

Visiting Angels South Central Michigan **prides** ourselves on being an **Authorized VA Provider**, which allows us to work with the Department of Veteran Affairs to provide eligible Veterans with our loving, compassionate and empathetic home care services. Often times, this means we can place one of our wonderful Angel Companion's into their life for little to no cost, depending on what they qualify for through the Veteran's Affairs.

If interested, please call and provide us the opportunity to educate you and your Veteran on how to take full advantage of the wonderful homecare benefits that your Veteran deserves! We'd love to place one of our Angels into your Veteran's life, making their life **easier** and giving you **peace of mind** knowing your loved one is safe and receiving the compassionate care that they require.
