

Phase 1A and 1B

## Winter

### 1B includes home care

#### 1A Highest-Risk health care workers and individuals

People who have direct contact with COVID-19 patients for 15 minutes or more over a 24 hour period

Long term care facility staff and residents

#### 1B Moderate-Risk health care workers and responders

Health Care workers with less direct contact with COVID-19 patients

Workers in home health/hospice and dental settings

EMS, firefighters, police, correctional workers, dispatchers, funeral services, other first responders, and COVID-19 personnel

Phase 2

## Spring time

Higher Risk individuals and essential workers

People age 65 or older

People of any age with obesity, diabetes, chronic lung disease, significant heart disease, chronic kidney disease, cancer, or are immunocompromised

People who interact directly with the public at work, such as grocery store workers and school staff

People who work in high density settings like farms and meat packing plants

Workers serving people that live in high density settings

Other health care workers not covered in Phase 1

Adults who received a placebo during a COVID-19 vaccine clinical trial

Phase 3

## Summer

The General Public

Anyone age 16-64 without high risk conditions

\*\*\*Timeline subject to change based on supply chain. Prioritization subject to change based on data, science and availability

### COVID-19 Vaccine Update

The office will notify you when it is time for our caregivers to receive the vaccine.

*Be the ray of sunshine in someone's life*
