

Driving Safety

Severe weather can be both frightening and dangerous for travelers. They can be especially dangerous for our elderly community. Adults 65 and older are involved in more car crashes per mile than all other age groups.

Allow extra time to drive from one place to another, slow down, keep a distance of at least 3 car lengths, drive with lights on, lower your gear, avoid using cruise control, try never to pass a snow plow, don't overestimate your vehicle's ability to handle winter conditions, don't make sudden movements if you car starts to slide, always make sure windshields are defrosted fully.

If your loved ones can no longer drive (especially in winter) Visiting Angels can provide transportation to important places like doctor appointments, grocery shopping, beauty salon and more.

The Great Debate.....Turkey or Ham?

Some may think it's blasphemy to suggest anything other than turkey for Thanksgiving dinner, but many Americans actually prefer ham. Turkey goes with popular sides like gravy and stuffing, but ham is more versatile when it comes to leftovers.

Whatever you choose, enjoy your Thanksgiving Day.

George Washington in 1789 made a proclamation for a "Day of Publick Thankgivin"

In 1863 Abraham Lincoln enacted that Thanksgiving would be celebrated the last Thursday of November

Pueblo's First Reverse Parade

Pueblo will be having what is called a reverse parade. That means you sit in the comfort of your own vehicle and drive by the floats that are stationary in the park. Bring your family for a day of fun and show our local Veterans some support.

November 7th at 10:00 am Mineral Park Palace Park
