

Check things before Winter

VERY IMPORTANT

It's Time...
for your
FALL HEATING SYSTEM TUNE-UP

Prevent issues when it's cold

Prevention

Fix and Maintain

Please Read

- 1) **Check all safety devices**-Change batteries in smoke detectors, carbon monoxide monitors and flashlights
- 2) **Minimize water damage**- Clean gutters, fix broken gutter areas , check pipes and insulate to prevent broken pipes, remove hoses, blow out sprinkler systems
- 3) **Heating Needs**- Seniors are susceptible to the cold. HVAC should be inspected yearly. Check windows for worn sealants and doors for drafts.
- 4) **Bundle up**- get right clothing prepared
- 5) **Arrange for ice/snow removal**- keep sidewalks clear of snow and ice to prevent falls
- 6) **Arrange homecare**- Colder weather makes it harder to navigate doctors' visits and shopping for groceries and doing certain tasks. Call and schedule a homecare visit to help.

Going for a walk to see the trees turning orange, yellow and a multitude of colors can be very entertaining for our seniors. Go out and enjoy Colorado!

Free Consultations (719) 543-4220. Discover if homecare can help you or your loved one.
